DETAILED ACTION

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 38-42 and 44-46 are rejected under 35 U.S.C. 102(b) as being anticipated by Campbell (US 746,455).

Campbell discloses a tool having a body A', a tissue grasping element appended to the body and having first and second opposed claws B', first and second actuating members B² mated to the body, a biasing element C extending between the first and second actuating members and a flexible member F secured to the body at the pivot point B³ (Figure 1-3, col. 1 and col. 2).

Regarding claims 38 and 39, Campbell discloses a collar or "removable applicator sleeve" E' that selectively engages the first and second actuating members.

Response to Arguments

Applicant's arguments filed on June 1, 2005 with respect to claims 38 have been fully considered but are not persuasive for the following reason.

Campbell discloses that removable applicator sleeve E' engages the actuating members B² by holding the ends B⁴ of members B² in pockets E³ (lines 89-98).

Allowable Subject Matter

Claim 43 is objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Claims 1, 3-9, 11, 13-15 and 37 are allowed.

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
